Harry S Truman: Jackson County Judge to President

The home of Harry and Bess Truman (on the cover) is maintained by the National Park Service as an historic site. The Truman home was opened to the public for tours in May, 1984, as the City of Independence, along with all Missourians, marked the 100th anniversary of the birth of the nation's 33rd President.

Truman is the only Missourian to serve as the nation's Chief Executive. He began his political career in 1922, winning a seat on the Jackson County Court. Truman was elected Presiding Judge of the County Court four years later and subsequently was reelected to that position for a second term.

Truman entered the arena of national politics in 1934 with a successful campaign for the U.S. Senate. After serving two terms, "The Man From Independence" was nominated for United States Vice President. Following the death of Franklin D. Roosevelt in 1945, Truman assumed the office of President. He won a second term in 1948, upsetting Republican Thomas Dewey and surprising the pollsters.

Truman remembered his Missouri heritage while serving in the White House. In the 1945-46 edition of the Official Manual of the State of Missouri, Truman addressed this letter to all the residents of the state: "Never the twain shall meet was not said of Missouri. There East Meets West and South is joined by North and the Father of Waters moves onward to the sea. It is the State we love—it's no wonder that so many of us think Missouri is the grandest commonwealth in the Nation."

Truman was born on May 8, 1884, in a small home in Lamar. A family disagreement over his middle name—his grandfathers were named Solomon and Shippe—resulted in his using a single middle intitial S.

Truman lived with his wife, the former Bess Wallace, in the couple's home at 219 North Delaware in Independence until his death on December 26, 1972. Mrs. Truman remained in the home, built in 1867 by her grandfather, until her death on October 18, 1982.

Amendment No. 1—(Submitted by the 82nd General Assembly, First Regular Session) Any local government retirement system may provide cost-of-living increases to retirees provided the system is actuarially sound. Any cost increase would depend upon the benefits granted and the method of funding them, wholly subject to determination by local units of government.

Amendment No. 3—(Submitted by the 82nd General Assembly, Second Regular Session) Medical benefits for dependents of state officers and employees and dependents of employees of local governments may be authorized by law. Cost to state and local governments for employee health insurance benefits will depend on provisions of laws authorizing benefits and upon insurance plans adopted by those governments.

Amendment No. 5—(Submitted by the 82nd General Assembly, Second Regular Session) State lottery authorized. Permits legislature to set certain standards. Provides for division of funds received. There would be no cost to the state or local governments as all expenses would be paid from revenue derived from lottery proceeds.

Amendment No. 7—(Proposed by initiative petition) Authorizes pari-mutuel wagering on horse racing; creates Missouri Horse Racing Commission; creates special fund allocated to Commission, certain educational programs, horse research, and prizes; allows voters of each county to prohibit pari-mutuel wagering locally. Commission's costs, $200,000 to $500,000, will be borne by state until proceeds from wagering are realized. Estimates of state proceeds range from $12 million to $30 million per year depending on rules and laws passed.

Proposition B—(Proposed by initiative petition) Permits charging consumers for certain costs of electrical plants abandoned due to lack of approved waste disposal and other causes; requires certain rate increase deferrals; prohibits certain costs overrun, excess capacity and nuclear plant charges. Administrative costs to the Public Service Commission are estimated at $370,000 for the first two years. Further administrative costs, legal costs and revenue losses to state and local governments may be substantial.
